SEXUAL VIOLENCE

Sexual violence is a particularly severe form of sexual harassment that, by its very nature, is likely to create a hostile environment. Sexual violence includes physical sexual acts perpetrated without consent or where a person is incapable of giving consent because of physical, mental, or legal incapacity.

SEXUAL ASSUALT

Any sexual act directed against another person, without the consent of the complainant, including instances where the complainant is incapable of giving consent.

CONSENT

Consent is defined as conduct that a reasonable person would understand to indicate agreement to the sexual conduct at issue. Under this policy, consent must be informed, freely given, and mutually understood. Lack of consent is a critical factor in determining whether sexual violence has occurred.

FACT OR MYTH

- Most rapes happen on the street late at night.
- Someone who has been assaulted often knows the offender.
- If a woman has been raped, she will be hysterical.
- If there was no semen present, there was no rape.
- Rape is about power and control.
- When a complaint of sexual misconduct is filed, we can automatically assume that the respondent is responsible for violating the University policy.

RESPONSES TO TRAUMA

- **Fight**
 - ❖ If you assess the immediate threat as something that you have the power to defeat, you go into fight mode.
- **Flight**
 - ❖ If you view the threat as being too powerful to overcome, your impulse is to outrun it.
- **Freeze**
 - ❖ If you perceive that you can neither defeat or nor safely bolt from a dire threat, you will freeze.

VICTIM BLAMING

- Freeze response
- Memory loss, scrambled memory of the assault
- Flat emotional effect
- Delayed Reporting

ADVOCATE PROGRAM

- The Support Advocate's goals are to:
 - Enhance the reporting individual's recovery.
 - Provide emotional support.
 - Provide appropriate information and referrals regarding:
 - Medical procedures
 - Alternative housing assignments
 - Academic assistance

 - Criminal Charges/Court proceedings
- Assist in coordinating services.
- Attend meetings and hearings.

ADVOCATE PROGRAM

- The sexual assault hotline is 251-460-7151 or 251-341-9884 after hours. 24 hours a day, 7 days a week.
- Make every effort to meet with the person within 60 minutes of the assault or time of notification of advocate.
- Assist in making sure the person has a safe place to go.
- Encourage the reporting person to seek medical attention and accompanies her/him to the hospital, if the person chooses.
- Contacts friends or family, if the person chooses.

MEDICAL SERVICES

- Medical treatment options:
 - USA Children and Women's Hospital
 - Student Health Center
 - Private provider
- USACW and the Student Health Center can provide treatment and medical evaluation (treatment of injuries, medication to prevent STI's and/or pregnancy).
